TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Jaffrey, in the County of Cheshire, qualified to vote in Town Affairs:

You are hereby notified to meet at Union Hall on School Street in East Jaffrey Village, in said Town, on Tuesday the twelfth day of March next, at nine o'clock in the forenoon, (polls to remain open until six o'clock in the afternoon) to act upon the following subjects;

1. To choose a Town Clerk, one Selectman for three years, and all other necessary Town Officers.

2. To hear all reports, except that of the Budget Committee and act thereon.

3. To hear the report of the Budget Committee, and to raise such sums of money as may be required for the support of the poor, building and repairing highways and bridges, fire department, Memorial Day, street lights, and all other Town Charges.

4. To see if the Town will vote to instruct the Selectmen to borrow money in anticipation of taxes.

5. To see if the Town will vote to instruct the Selectmen to arrange for the installation of a street light on Stratton Road near the residence of John H. Moore and to raise and appropriate the sum of $16.00 to pay for the electric service for one year, as petitioned for by John H. Moore and others.

6. To see if the Town will vote to instruct the Selectmen to arrange for the installation of a street light on Old Peterborough Road, between the residences of Harry J. Burgoyne and Roderick C. Derby, and raise and appropriate the sum of $16.00 to pay for the electric service of said light for one year, as petitioned for by Harry J. Burgoyne and others.

7. To see if the Town will vote to instruct the Selectmen to arrange for the installation of a street light on the South side of St. Jean Street near the residence of Philip C. Tremblay and raise and appropriate the sum of $16.00 for same, or act in any way relating thereto as petitioned for by Philip C. Tremblay and others.

8. To see if the Town will vote to raise and appropriate the sum of $2,190.75 for State Aid Construction upon condition that the State will contribute the sum of $2,190.75 to be expended on the "Turnpike" so called, or act in any way relating thereto.

9. To see if the Town will vote to raise and appropriate the sum of $389.00 (1/100th of 1% of the valuation of the Town) to the Monadnock Region Association of Southern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, and by other means calling attention to the resources and natural advantages of the Town, in co-operation with the other thirty seven towns of the Monadnock Region.

10. To hear the report of the committee appointed in 1945 to study the proposition of changing the names of East Jaffrey, and Jaffrey villages to Jaffrey and Jaffrey Centre respectively and to take any action relating to the subject.

11. To see if the Town will vote to make any change in the salary of Chief of Police.

12. To see if the Town will vote to authorize the Selectmen to purchase land of the Boston and Maine Railroad Co. on Blake Street near the Town Garage and raise and appropriate money to pay for same.

13. To see if the Town will vote to raise and appropriate a sum of money to be placed in the Capital Reserve Fund to be used toward the building of a Town Hall.

14. To see if the Town will vote to appoint an Airport Committee authorized to consult with representatives of the Federal and State Governments in all matters pertaining to the selection and approval of a suitable airport site in accordance with requirements for eligibility to receive such Federal or State funds as may become available for such purposes, and to see if the Town will authorize the Selectmen to purchase such site, raise and appropriate a sum of money to pay for and develop same, or take any action relating thereto.

15. To see if the Town will vote to instruct the Selectmen to arrange for the installation of a street light in front of St. Patrick's Church and to raise and appropriate the sum of $16.00 to pay for the electric service of said light for one year, as petitioned for by Rev. Fr. John McSweeney, and others.

16. To see if the Town will vote to instruct the Selectmen to arrange for the installation of four bridge lights on Main Street Bridge and to raise and appropriate $16.00 for each light and a sum of money not to exceed $600.00 for material and installation cost of said lights or act in any way relating thereto as petitioned for by Wilfred H. Boudrieau and others.

17. To see if the Town will vote to sell to Elizabeth F. Baston, about two acres of land, part of which borders on the road which extends from the "Turnpike" to Peterborough Road; said land adjoining the properties of Minnie L. Eldridge and Henry L. Bumford.

18. To see if the Town will vote to raise and appropriate the sum of $300.00 for the purchase and installation of Christmas lighting for the Town of Jaffrey as petitioned for by Ferdinand D. Gordon and others.

19. To see if the Town will vote to raise and appropriate a sum of money to observe a "Welcome Home Day" celebration for returned war veterans and appoint a committee to have charge of arrangements or take any action relating thereto.

20. To see if the Town will vote to raise and appropriate the sum of $6,800.00 to install a sewer on Old Peterborough Road between the residence of Henry C. Buckwold and the bridge near the property of Joseph Gamelin, or act in any way relating thereto as petitioned for by Paul J. Kidder and others.

21. To see if the Town will vote to instruct the Selectmen to arrange to have a street light installed on Ridge Crest Road near the residence of Arthur DeGrandpre, and to raise and appropriate the sum of $16.00 for the electric service for said light for one year, or act in any way relating thereto as petitioned for by Arthur DeGrandpre and others.

22. To see if the Town will vote to raise and appropriate the sum of $4,700.00 to install a sewer on River Street, beginning at a point near the intersection of School Street and extending toward Main Street to the Fire Station, or act in any way relating thereto as petitioned for by Hubert F. O'Neil and others.

23. To see if the Town will vote to raise and appropriate the sum of $6,700.00 to provide for the installation of a sewer on Peterborough Street, beginning at or near the Westerly end of K. K. Road and extending Northeasterly about eighteen hundred feet to Cretia Brook, or act in any way relating thereto, as petitioned for by Leonard St. George and others.

24. To see if the Town will vote to raise and appropriate the sum of $3,400.00 to provide for the installation of a sewer on Grove Street, or act in any way relating thereto, as petitioned for by Mrs. Alcide Caron and others.

25. To see if the Town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expense of such audit.

26. To see if the Town will vote to instruct the Selectmen to arrange for the installation of a street light on Peterborough Street near the Northeast corner of the Dillon Block and to raise and appropriate the sum of $16.00 to pay for the electric service for one year, as petitioned for by R. John Hackler and others.

27. To see if the Town will elect to approve of the inclusion of its officers and employees in the Employees Retirement System of the State of New Hampshire, which system is provided for by Chapter 27-A of the Revised Laws, as inserted by Chapter 183 of the Laws of 1945, and as provided by Chapter 201 of the Laws of 1945 and any subsequent amendments thereto, and to raise and appropriate a sum of money for the purpose of providing funds for the Town's contribution to said retirement system, for the coming year.

28. To see if the Town will vote to make some arrangements for the removal of garbage from the dwelling houses in the Town and to raise and appropriate a sum of money to pay for the cost of same.

29. To see if the Town wishes to sell the tract of land which is adjacent to the Half-way House property or take any action relating thereto.

Given under our hands and seal this twenty third day of February, A. D. 1946.

TOWN SURVEYS

Report No. 11

Selectmen of Jaffrey, N. H.

Gentlemen:

Following is a summary of work done the past year, 1945 on surveys of the Town Roads with an appropriation of $500.00.

The road from Fitzwilliam Road to Gap Mountain Road past the summer residence of Susan Noble was surveyed together with the boundaries of the West Cemetery.

The road leading Easterly from Fitzwilliam Road near the residence of Karen E. Berggren toward Scott Pond was surveyed to the Fitzwilliam Town line together with the line wall extending Southwesterly. The remainder of the Town line to Fitzwilliam Road was not surveyed as it crossed a swamp and was covered with hurricane debris and no fence or wall were visible. The remainder of the Town line was surveyed from Fitzwilliam Road Westerly to the Southwest corner of Jaffrey and thence Northerly to the stone post at the corner of Fitzwilliam and Troy and on the Jaffrey line near Cobleigh Hill Road.

The length of the West line of Jaffrey bounded on Fitzwilliam is 5,799.6 feet.

A circuit was surveyed from Gap Mountain Road previously surveyed, from the intersection of "Mill Street" Westerly to the Troy line thence Northerly on the Town line to the Troy Road, to Main Street to the North end of Gap Mountain Road. The survey was continued Westerly on Main Street to the Troy line and Northerly on the Town line to the stone marking the corner of Troy and Marlboro and on the Jaffrey line.

The old Turnpike has now been surveyed from the Troy to the Sharon line, the total tape traverse being 49,129 feet or 9.3 miles.

All closed traverses were computed, checked and adjusted.

Additional surveys were plotted on existing sheets on a scale of one inch equal to forty feet, there being a total of seventy sheets in this set on cloth mounted drawing paper. Surveys were also plotted on a scale of one inch equal to two hundred feet and this set consists of twenty one sheets fourteen of which are on cloth mounted paper.

The following shows the tape (traverse) length of road surveyed in 1945.

"Noble" Road,	5,765 feet
Scott Pond Road,	1,571 feet
"Mill Street,"	1,897 feet
Main Street,	2,881 feet
Troy—Jaffrey line,	4,642 feet
Total,	16,756 feet

Respectfully submitted,
ARTHUR S. BUSS,
Surveyor.

Article 7. Charles M. Mills moved, that the auditors chosen at the Town Meeting tomorrow, also serve as School District Auditors. The motion was seconded and carried.

Article 8. Ernest J. Pratt moved, that the District accept the Budget of the School Board as approved by the Budget Committee and for this purpose, that the District raise and appropriate $55,410.00 for the support of public schools and the payment of statutory obligations of the District. The motion was seconded.

The Moderator explained the items in the Budget.

Superintendent of Schools, Lewis S. Record explained how the revenue figure was arrived at and that it was an estimated amount.

The motion was put to a vote and was carried.

Delcie D. Bean moved, that the Clerk be instructed to request the Trustees of Trust Funds to retain annually from the income of the Durant Fund, the sum of $2,500.00 to be used by the School Board to provide additional educational and recreational facilities for the students of Conant High School, the uncalled for balance of said sum to be re-invested by said Trustees and held as a special fund for additional High School facilities until its expenditure is authorized by vote of the School District.

Delcie D. Bean added, that the items of expense should be printed in the Durant fund report of the Trustees of Trust Funds.

The motion was seconded and carried.

There being no objection, the Moderator returned to Article 6.

Edward L. Fay asked why the teachers salaries were not printed in the Town Report. Superintendent of Schools, Lewis S. Record replied to Mr. Faye's question, stating that the individual amounts were omitted in order to avoid jealousies that might be created among some of the teachers. He also added that the increase in the amount of teachers' salaries, was due to raising salaries over the previous year and the hiring of an additional teacher.

Charles M. Mills spoke of a bill in the Legislature, proposing a minimum salary of $1,200.00 per year for all teachers and Superintendent Record stated, that only one teacher received less than that amount.

Vernon J. Bean moved that in the future, the amounts of the individual teachers salaries be printed in the Town Report.

The motion was seconded and carried.

Voted to adjourn at 8.30 P. M.

Respectfully submitted,
RALPH E. BOYNTON,
School District Clerk.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I submit at this time my twenty-eighth annual report as Superintendent of Schools, the thirty-seventh in the series under union supervision. With it is included the report of Headmaster Gerald H. Faunce and the report of Mrs. Helen L. Towne, school nurse to June 30, 1945, and Mrs. Edith B. Bolles, school nurse since September, 1945.

Fewer teacher changes took place in the Jaffrey schools during the past year than in most New Hampshire towns.

In the high school the only change was in the English department where Miss Barbara I. Dill of Providence, a graduate of Rhode Island College of Education, 1945, succeeded Miss Margaret Mathews.

In the grade school Mrs. Mary M. Fitzgerald, a former Jaffrey teacher was elected to teach grades five and six.

Miss Mary C. E. Hamilton, a graduate of Keene Teachers' College with two years of teaching experience was assigned to one division of grade five, and Mrs. Priscilla Davis, also a Keene graduate with several years of teaching experience, succeeded Miss Sokul who was released to teach in her home city of Franklin.

It seemed advisable to give more attention to Music in our schools and the School Board was fortunate in securing Mr. Arthur T. Coogan for two days each week, and in view of the additional expense it was voted to use $1,000.00 of the Durant fund toward this course.

The total enrollment of the schools for the first twelve weeks of the present school year was 547, a decrease of 13 from the enrollment for the same period last year.

In the high school the enrollment was 140 as compared with 147 for the first twelve weeks a year ago.

The evening classes in adult education under Mrs. Barbara Doucoumes as teacher has been continued, and the interest in these classes has been maintained and the attendance has been satisfactory.

With the financial report a memorandum has been added showing the purchases made from the Durant fund for the school year ending June 30, 1945, amounting to $1,783.95.

During the present school year, which has still five months to go, the following amounts have been set aside for use from this fund in accordance with the vote of the school district to provide educational and recreational facilities for the students of Conant High School which otherwise would not be available in a district of this size.

Share of salary of Music Supervisor	$1,000 00
High School supplies for Music Department	135 69
Additions to high school library	170 82
Laboratory equipment	46 97
Home Economics equipment	89 86
New equipment for shop	30 85
Shop supplies, extra	247 21
Other special activities—	
Purchase of musical instruments from revolving fund	200 00
	$1,921 40

This leaves a considerable amount left of the $2,500.00 to be set aside under the vote of the school district.

During the spring a concert will be arranged by the supervisor of Music that will be of interest to all citizens of the town.

Last year some discussion occurred as to just what should be spent under the Durant fund. It appears however, that all the expenditures noted come clearly within the vote taken at the annual meeting.

No finer tribute could be paid to Jules Durant than to let the pupils of our schools know that his generous gift to the town for the benefit of Conant High School is being used to provide for them services and equipment that our ordinary appropriation does not allow. All departments of our high school should have a share in these benefits. Last year the musical instruments were purchased from this fund, and the physical education department had the gymnasium mat. The library received valuable additions, and the shop secured an electric welder and other equipment, and the science department had its laboratory equipment.

This year the music department, the library and the shop have benefited, and there is no reason why the commercial, physical education, and other departments should not benefit.

One matter that deserves serious attention is the matter of tardiness, especially in the senior and junior high schools during the past few years.

Headmaster Faunce has called attention to the matter of prompt and regular attendance in his reports of last year and the present year.

The first term of the present year has shown substantial improvement, and we hope this improvement will be permanent.

A tabulation covering a period of years with no substantial change in the total enrollment of the schools indicates how serious the matter has become during the past three years.

	Total Enrollment	Number Tardy High School	Jr. High	Gr. 1-6	Total
1944-45	570	460	129	357	946
1943-44	577	305	146	375	826
1942-43	575	314	174	369	857
1941-42	577	160	135	172	467
1940-41	590	137	151	107	395
1937-38	553	161	89	177	427
1935-36	585	107	71	149	327
1934-35	578	100	74	130	304
1933-34	579	67	58	84	209
1932-33	556	87	36	97	220
1931-32	562	41	40	111	192
1930-31	526	41	42	114	197
1929-30	523	33	20	138	191
1927-28	545	24	44	202	270

One explanation of the increased number of tardy marks is doubtless due to some of the school busses being late during the winter season.

When a bus load of pupils are marked tardy the number of tardy marks mount rapidly.

Formerly the schools were not required to mark bus pupils tardy, but some years ago the State office required all pupils on busses that were late to be marked tardy unless these pupils came by public transportation, but this ruling was made several years ago and does not account for the marked increase in tardiness beginning in 1942-43.

Last year we were obliged to make substantial increases in salary and the School Board found that the budget figure of $36,000.00 was not sufficient, and contracts were issued to the amount of $37,025.00, and with an increase in the salary of Music Supervisor the total was $38,525.00.

A substantial increase in salaries is again required to meet the advance in the cost of living and if the needed extra teacher for English is secured a still further advance will be required.

There will also be a special article in the warrant asking for an appropriation to install an oil burner in Conant High School. The grates of the present boiler need replacement if we continue to burn coal, and all who are acquainted with the present heating plant agree that an oil burner would be a good investment at this time.

Mr. Faunce has clearly set forth the housing needs of the present high school building and careful investigation should be made to see what plan should be presented to the voters after these needs have been studied.

I feel that Jaffrey has been fortunate in retaining an excellent staff of teachers during this critical period, and I take pleasure in commending the capable and effective work of Headmaster Faunce of the high school and Principal Craig of the grade school.

I wish at this time to thank the School Board, teachers and pupils for their cooperation during the past year, and to thank the citizens of Jaffrey for their generous support not only during the past year but during the nearly twenty-eight years that I have had the opportunity of serving as head of your school system.

Cordially yours,
LEWIS E. RECORD,
Superintendent of Schools.

East Jaffrey, N. H.
January 31, 1946.

REPORT OF HEADMASTER OF CONANT HIGH SCHOOL

To Lewis S. Record, Superintendent of Schools, East Jaffrey, N. H.

It is my privilege to herewith present my second annual report as headmaster of Conant High School.

Teaching Staff

No school is any better than its teachers. An attractive building adequately equipped with modern books and the latest aids may help to make a school. But in spite of everything a community may expend upon its educational plant it will not have a good school unless it has good teachers. Our high school faculty continues in the face of a serious teacher shortage, to be one composed of well trained and experienced teachers. Not every community has the ability during these times, to boast about such a situation. Below are listed the high school teachers together with their subjects. Asterisks indicate changes over the year 1944-45.

Mr. Gerald H. Faunce	Headmaster, Natural Sciences
Mr. John T. Conrad	Submaster, Natural Sciences, Phys. Ed.
Miss Grace C. Cunningham	Languages, Mathematics
Miss Katherine Hancock	Commerce
Miss Henrietta Schmidt	Social Sciences
*Miss Barbara Dill	English
Miss Sarah R. Griswold	Home Economics
Mr. Charles Chamberlain	Mechanic Arts
Miss Mary R. Hurley	Jr. H. S. Subjects
Mrs. Vera H. Rice	Jr. H. S. Subjects, Jr. Bus. Train.
Miss Ruth Fitzgerald	Jr. H. S. Subjects
*Mr. Arthur Coogan	Music (Vocal)
Mr. Eddie Hamilton	Music (Instrumental)

Enrollment and Attendance

The total number of pupils registered on September 1, 1945 in the high school was 140, of which 77 were boys and 63 were girls. In the Junior High School 102 pupils were registered, of which 51 were boys and 51 were girls. The enrollment was distributed by grades as follows:

	Junior High School			Senior High School				
Grade	7	8	Total	9	10	11	12	Total
Boys	33	18	51	20	33	18	6	77
Girls	27	24	51	12	16	19	16	63
Total	60	42	102	32	49	37	22	140
Total in Junior and Senior High School								242

A year ago I made a plea for better attendance on the part of pupils, and asked parents to assume greater responsibility in assuring that their children attend regularly and on time. At this time I am pleased to say that gradual, yet steady, progress is being made in the improvement of this phase of our common problem. In 1942-43 Conant's per cent of attendance was but 92.2%. Every indication points towards a still more marked improvement this year over last—a gain of which I think we may all be justly proud.

Tuition Pupils 1944-45

Tuition pupils attending Conant High School this year total nine. Their names, Class, and legal residence appear below:

Miscellaneous

Extra curricula activities are, as usual being cared for in a satisfactory manner. Mention should be made, however, of the splendid achievements of our basket-ball teams during the year 1944-45. The girls' team won every game in the season's regular schedule and lost to the winner of the Littleton Tournament by only one basket. The boys' team was invited to participate in the State Tournament and the Small High School Tournament at Fitchburg. In the latter they were the Champions. Both boys and girls were encouraged by the splendid testimonial dinner given them by the townspeople at the conclusion of their season.

We are again fortunate this year in securing the services of Mr. Eddie Hamilton as our instructor in instrumental music. Through the use of a loan from the Durant Fund twenty-eight pupils have purchased musical instruments on a time payment plan. Seven saxophones, six clarinets, three trombones, twelve trumpets, and one alto horn have been secured through this aid. Through the excellent teaching of Mr. Hamilton we now have a school orchestra of which we may well be proud.

As a further addition to our music program we should feel indeed fortunate in having as our vocal instructor, a man as talented and with such wide experience as Mr. Arthur Coogan. Under his leadership our program in that field is making excellent progress and all boys and girls in the school are taking their musical education with a very serious, yet enjoyable attitude.

RECOMMENDATIONS

High School English

It has been the practice for some years, in our elementary grades, to separate all classes above Grade I into homogeneous sections according to ability. This method of dividing up groups which are too large for one teacher alone to teach effectively is to be commended, and we carry the program on through grades 7 and 8. Twenty years ago such a method of grouping would have caused us little embarrassment, for, as I have pointed out above, as well as in my report of last year, only the best of these pupils would have continued their education into high school at that time. Today, however, the outcome is different. Only a very few of our Jr. High School graduates leave school. The remainder continue and are forced in our present system to consolidate into one group again. Many of our high school courses are by their very nature better suited for only the talented youngsters, while others fit the needs of those pupils who have always been slow to learn and do not hope to carry their education beyond that of the secondary school. In our English classes, however, no differentiation has been made and we are forced to include in them all pupils, both the bright as well as dull. What are the results? Slow pupils are forced into the background by the presence of abler pupils, the time of the brighter students is wasted in listening to explanations to the slow, both groups lose interest, are bored, misbehave and in general fail completely or at least to a large degree in getting out of English those essentials, which are their right. An added result at Conant has been a continuous procession of discouraged English teachers and a consequent disruption of our English program. I recommend that an extra teacher be secured to assist in carrying on this program and to help out in the Junior High School classes. I think that I am justified in predicting that unless some such procedure is adopted that we may expect little gain in this department over the past few years.

The Plant

A year ago I made certain recommendations relative to the need for more adequate space for some of our High School courses. At this time I am going to emphasize that recommendation with a list of reasons and underlying factors necessitating larger space for Conant High School.

1. Under our present local elementary set-up, in which all elementary grades are divided into "A" and "B" divisions, it has proven educationally sound to continue that practice up through the 7th and 8th grades or the Junior High School. Such a practice to be carried on effectively, and to the best advantage of the pupils concerned, requires the use of four rooms together with four separate teachers. The program is now being carried on with three teachers on overloaded schedules,

and in three crowded rooms. To carry this program one step farther, and to make it really worth while, such classes as English and United States History in the High School should be divided according to ability groupings with the added necessity for greater space plus the possibility of an added teacher. (See above)

2. The present Typewriting room is inadequate for the size of classes now enrolled in that subject, and makes no provision for the addition of more typewriters to accommodate those pupils who desire this course but must be refused because of the lack of facilities and space.

3. The Bookkeeping classes, which range in size from 20-30, are being improperly instructed because of the lack of a suitable bookkeeping room, furnished with bookkeeping tables.

4. No provision is being made to meet state standards in that requirement which specifically states that all Biology pupils spend four periods per week in a laboratory doing individual experiments. Classes in Biology are large and could not possibly utilize the existing laboratory which will not accommodate more than sixteen pupils without crowding.

5. Chemistry and Physics classes are also large, including both the members of the Junior and Senior classes, and are given in alternating years. Our present practice is to divide the class into two parts, teaching the same thing twice a day instead of once, with the quite evident loss of time and economy.

6. No room in the present building is sufficiently large to seat the whole High School at an Assembly, to say nothing of attempting to seat both Junior and Senior High Schools at once. Our assembly room was originally designed for 70 pupils. Today we have nearly four times that number.

7. Physical education, now carried on in the Gymnasium, requires the movement of pupils through the length of town between classes, with the accompanying loss of time and efficiency. Because of this arrangement only half of our boys and girls are being given this vital program.

8. As in Physical Education, the school is similarly handicapped in its attempts to put on rehearsals, orchestra practice, or Glee Club work. The only available place is the Gymnasium, and that is on the other side of town, attached to a grade school, and just simply out of our reach.

My recommendation at this point would be that the citizens of Jaffrey give serious consideration to this problem and take some positive action. The solution is not a simple one, nor can it be solved by merely writing or talking about it. It will require careful study and beyond any doubt an expenditure of considerable money. The whole question revolves around the point of whether we should progress and give our pupils what is their right, or keep on as we are with over-crowded classrooms and an inadequate education for the majority.

Two answers to this problem suggest themselves as follows: First; the present Conant High School building might be remodeled and enlarged to the extent of several classrooms plus an auditorium-gymnasium. Such a project would involve the expenditure of a very large sum of money, and while it would eliminate all of our problems for a period of at least twenty years, it would provide Jaffrey with two gymnasium-auditoriums. Two such buildings in a town of this size are not warranted, and I do not advocate such a plan.

The second answer to the problem, and the one which to me appears most feasible, is that of interchanging the grade and the high schools. By this I mean the moving of the High and Junior High schools into

the present Grade School building, and in like manner moving the elementary grades into the present High School building. Accompanying this shift inevitable alterations, improvements and additions must be made to each structure in order to make of them adequate quarters for the new groups. This plan, if adopted, should as well as the alternate plan mentioned above, meet our elementary and secondary needs for many years.

Unquestionably construction under the present conditions of labor unrest, material shortages, and above-normal prices, is out of reason. It is in my opinion, however, very reasonable and an absolute necessity that we begin now to study the situation carefully and to make adequate and justifiable plans for coping with this problem in order that a solution may be reached at the earliest possible date.

In closing I wish to state that our accomplishments and gains during the year have been due to the combined efforts of the School Board, the Superintendent of Schools, the teachers and the citizens of Jaffrey, to all of whom I am greatly indebted.

Respectfully submitted,
GERALD H. FAUNCE,
Headmaster.

REPORT OF THE SCHOOL NURSE

East Jaffrey, N. H.

To Lewis S. Record, Superintendent of Schools:

The following is my eleventh report, January 3, 1945 to June 18, 1945. All pupils have been examined.

Total number pupils examined	554
Total number visits to schools	888
Home visits or advisory calls	16
Number hours spent in schools	332
First-aid treatments	79
Number weighed and measured	554
Total eye examinations	554
Several number defective vision cases found, reported and corrected.	
Pediculosis cases found, reported and these were attended to.	
Many pupils had defective teeth, several had dental care.	
Number throat examinations	554
Number defective tonsils cases reported	13
All the new pupils (grade I) were vaccinated before entering school.	

During an outbreak of the infectious and contagious diseases, the following reported:

Number of scarlet fever cases	2
Number of measles cases	45
Number of mumps	35
Number of chicken-pox	
Number of rheumatic fever	1
A number of impetigo or scabies were found, reported, advised to consult their physicians, which they did and cured	3
Number of eczema cases	1
Number of appendicitis cases	5
Number operations for appendectomy	3

There were a number of minor accident cases, given first-aid, sprained wrists, fingers, ankles, and advised to consult their physicians, corrections made.

Many had prevailing colds, and sore-throats during the colder months were confined home for a few days, and returned to school well.

During the winter and spring months many took cod liver oil, halibut liver oil, vitamines, etc. to help to build up their resistance to colds and illness.

Clothing was given to several needy pupils.

On the whole, I found the pupils in good condition at the end of the summer term.

In conclusion, I wish to extend my appreciation and thanks for the excellent co-operation, to you, Mr. Record, The Teachers, Doctors, Dentists, Parents, Pupils and all, and I hope that this coming year will be very successful and prosperous.

Yours very respectfully,
(Mrs.) HELEN L. TOWNE, R. N.
